# DYETT GLOBAL LEADERSHIP AND GREEN TECHNOLOGY HIGH SCHOOL

Developed by the Coalition to Revitalize Dyett High School, the new Dyett is the result of the Bronzeville communities demand for a public, high quality, open enrollment neighborhood high school. Our vision is the result of several years of research, planning, organizing, and community will to save the last public neighborhood high school in the area.

## INNOVATIVE THINKING & DESIGN

- Science, Technology, Engineering, Arts, & Math Program (S.T.E.A.M)
- Student Leadership Development
- World Language Program
- Colloquium & Community Internships
- AP & Honors Classes
- College & Career Readiness
- Culturally Relevant & Challenging Curriculum
- Parent Driven

**I want to study climate change and how it connects to my own asthma.”**

**Mikiya Coley, 7<sup>th</sup> Grade Student at Mollison Elementary – a Dyett feeder school**

The Dyett Global Leadership & Green Technology High School is the only academically sound proposal submitted that was developed **with** the community and whose scholars have developed Level 1 schools in other areas.

**We deserve our last open enrollment high school, Dyett High School to become Dyett Global Leadership & Green Technology High School!**
